**FF24 Rent payment option to be released as a plugin for Shopware ecommerce platforms.**

**As a second step a FF24 Rent plugin will be developed for different ecommerce platforms to be able to connect with many other online retailers.**

**London, UK: FF24 Rent**, powered by **Fast Finance 24**, is currently being developed as a plugin for the Shopware ecommerce platform. This will enable any online shop using Shopware to easily integrate the FF24 Rent payment option, just by installing the plugin.

**The FF24 Rent** payment option is clearly visible on the merchant's product page, landing the customer to a co-branded, **simple and straightforward checkout process**, responsive, and accessible on both **desktop and mobile**. Customers have access to a dedicated **user dashboard**, where they can access information about their order as well as monitor their repayment plan.

FF24 Rent is ideal for retailers looking to expand their customer base and tap into a strong subprime lending market. This will increase conversion and average order value and boost customer retention.

About Fast Finance 24: **Fast Finance 24** comprises of two different online products for consumer credits **FF24 Loan & FF24 Rent**, offering tailored financial services to benefit the **2 billion "underbanked"** people facing short-term economic issue. Simple, transparent and fast, FF24 uses **state-of-the-art software** providing quick and secure process of every customer application within 15min of submission.

The two types of services is:

**FF24 Loan** – short term loans of up to €400 for up to 61 days (0.8% interest a day)

**FF24 Rent** – Consumer credit for home furniture and appliances for up to €2500 for up to 1 year. This service features its own Marketplace.
